DETAILED ACTION

1. This communication is responsive to the Amendment and Response filed on 9/14/05. This action is Final.
2. Claims 1-60 are pending in this application. Claims 1, 24, 30, 37, 50, 56, and 60 are independent claims. In the instant Amendment, claims 1, 24, 30, and 60 were amended. This action is made Final.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-23, 30-49, and 56-60 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "substantially" as recited throughout the claims as noted above is a relative term and is not defined by the claims, which render the claim indefinite. The specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. The usage of this term is vague and fails to show positive assertiveness.

Allowable Subject Matter

6. Claims 24-29 and 50-55 are allowed.
7. Claims 1-23, 30-49, and 56-60 would be allowable if the 35 USC § 112 rejections are overcome.
8. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements, the step of processing the projection view image, using a server graphics accelerator to produce a scaled-down image having a transmission size less than a transmission size of the projection view image as recited, or similarly recited, in all independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
